COMPARATIVES

- How do we form comparative statements? Study the **grammar reference chart** below.

| ● Adjectives with one syllable: add '-er' or '-r' + 'than' | | |
|------------------------------------------------------------|--------------------|------------------------------------------------------------------|
| cold | colder than | "In Canada, winter is colder than summer." |
| nice | nicer than | "Chocolate ice-cream is nicer than strawberry ice-cream." |

| ● Adjectives with two or more syllables: add 'more' + 'than' | | |
|--------------------------------------------------------------|----------------------------|------------------------------------------------------------------|
| boring | more boring than | "I think golf is more boring than baseball." |
| expensive | more expensive than | "This restaurant is more expensive than that restaurant." |

| ● Adjectives with two syllables that end in '-y': change '-y' to '-i' and add '-er' + 'than' | | |
|----------------------------------------------------------------------------------------------|---------------------|---------------------------------------------------|
| early | earlier than | "He arrived at school earlier than I did." |
| happy | happier than | "John looks happier than David." |

| ● Adjectives that end with a single vowel and a consonant: double the final letter before adding 'than' | | |
|---------------------------------------------------------------------------------------------------------|--------------------|--------------------------------------------------------|
| big | bigger than | "Russia is bigger than Canada." |
| hot | hotter than | "In my country, August is hotter than January." |

NOTE: When a comparative statement is used to answer a question, it is not necessary to use 'than' if only one person, place or thing is mentioned.

Example:

(A) Which month is hotter, January or August?

(B) August is hotter.

Irregular Comparative Adjectives:

good – **better than**

bad – **worse than**

far – **farther than / further than**
